

A still life composition on a dark wooden surface. In the foreground, a green ceramic pot with a textured finish holds a trailing ivy plant with variegated green and yellow leaves. To its right, a white ceramic vase with a wide mouth holds a bouquet of bright yellow peonies and branches with young, reddish-orange maple leaves and small green buds. In the background, a wooden chair with a white fabric seat featuring a large yellow and black butterfly pattern is visible. The scene is softly lit, creating a warm and inviting atmosphere.

The collage features four distinct craft projects. The top-left image shows a clear glass vase containing several green wire flowers, each adorned with small white beads. The top-right image displays a rectangular card and a square coaster, both featuring a blue and white floral pattern with small yellow birds. The bottom-left image shows a rectangular card and a square coaster with a yellow and black floral pattern, accompanied by a dried orange flower. The bottom-right image shows a clear glass vase containing a bouquet of colorful wire flowers in shades of yellow, orange, pink, purple, and green, with green beads at the base.
